

Summary of Student Surveys

Student surveys were administered to all students for all classes that were taught. All categories were numerically scored as a **4.9** or higher out of a maximum of 5.0.

Overall the written responses were very favorable.

Examples:

- Fast paced learning.
- He (Professor Lippert) was very helpful in teaching.
- The class is very effective and I felt confident after completion.
- It was all hands on and described and demonstrated everything.

Summary of Student Surveys

Student surveys were administered to all students for all classes that were taught. All categories were numerically scored as a **4.0** or higher out of a maximum of 5.0.

Overall the written responses were very favorable.

Examples:

- Easy to follow and understand.
- Quizzes help understand concepts better.
- The class is very effective and I felt confident after completion.
